Laser-sharp accuracy. The AeroCut X is designed, built & calibrated with Japanese engineering and craftsmanship at its best. The robust full metal machine body keeps top level of accuracy and finishing quality every time.

Features and Benefits

- The innovator in digital print finishing is now even further improved. The AeroCut X is the basic slitter, cutter, creaser. This is the refined model of the original AeroCut launched in 2010, featuring enhanced productivity and user-friendliness.
- AeroCut X is an ideal solution for finishing digitally printed applications
- Finish jobs such as business cards, post cards, invitations, greeting card, leaflets, tickets & more
- The matrix creaser allows the machine to offer world-class speed on creasing specific jobs
- Includes 2 single blade slitters to trim top & bottom of sheets, and 2 centred double blade slitters
- Durable guillotine and slitters cuts stocks up to 400gsm in weight
- Intuitive operation with a 7inch colour touch screen
- Patented Tri-Suction feeding mechanism reduces risks of doublefeeds and mis-feeds drastically
- AeroCut X can store 226 preset jobs and 150 customized jobs
