With support for Windows Hello and Windows Hello for Business, the VeriMark IT Fingerprint Key puts business-class security at your fingertips

Features and Benefits

- Ideal for enterprise deployment and easily integrated into current IT infrastructure. Users keep their key for secure login to popular services, while IT can easily manage employee access, privileges, and passwords
- Authenticates without storing passwords on servers, providing business professionals more security
- Fingerprint data is secured in the sensor, so only an encrypted match result is transferred
- Durable zinc alloy body with LED accepted/rejected indicator, and flared tail for easy grip
