The Professionals' Choice

Catalogue Copy

The VeriMark NFC+ USB-A Security Key provides a strong, hardware-based multifactor authentication solution with FIDO CTAP 2.1.

Features and Benefits

- By requiring a physical tap via USB-A or NFC, the key ensures that only legitimate login attempts succeed, thwarting phishing attacks and unauthorised access.
- FIDO2 L2 certified security for phishing resistant protection against unauthorised access
- FIDO CTAP 2.1 for enhanced security features (e.g. resident credentials, Passkey support)
- Backwards compatibility with CTAP 2
- USB-A or tap via NFC for easy authentication on any compatible device
- No drivers needed; optional Kensington® software available for advanced management features
- Works across Windows, macOS, iOS, Android, ChromeOS, and supports Passkeys and Apple ID
- Slim, keychain-ready form for easy carry and on-the-go authentication
- IP68-rated for dependable performance
- Professional support and 2-year limited warranty
