For style and security, the SafeDome# Cable Lock for iMac®24" delivers, with a design that perfectly complements the iMac aesthetic.

Features and Benefits

- The sleek, sturdy metal housing has been tested against the most rigorous and thorough standards in the industry, and can be quickly and easily attached to the iMac stand. No tools required.
- The heavy-duty lock fits directly into the SafeDome, providing superior security for your iMac.
- Thicker cable is 60% stronger than a standard cable.
- The iMac base is free to move around the desktop as far as the lock cable will allow.
- A special pass-thru allows you to route cables for wired USB accessories.
- Each lock is engineered to exceed industry standards for strength, endurance, and resilience.
- Kensington's online key registration program, allows for quick, secure, and free key replacement.
