## Quality Assurance and Accreditations.

# Buro Product Stewardship Programme.

We encourage repurposing and recycling of pre-loved office furniture to reduce our impact on the environment. When a customer has Buro furniture\* that they wish to dispose of, we apply the following steps to determine the most appropriate method.

To mitigate our CO2 footprint over the next 50 years, we're working with **Trees That Count**, a conservation charity dedicated to planting native trees.

By funding the planting of native trees, we're supporting efforts to increase biodiversity across New Zealand.

**Buro** proudly support **Greening Australia**.

Greening Australia has been restoring Australia's unique landscapes and protecting biodiversity at scale through collaborative, science-based programs for over 40 years.  
[www.greeningaustralia.org.au](http://www.greeningaustralia.org.au).

As a **Sedex member** we are committed to being a responsible business, sourcing responsibly, and improving ethical standards and working conditions within the supply chain.

\*Qualifying furniture must be Buro branded product (Buro Seating, Konfurb, Mondo), or a partner exclusive brand.

^Many of our products are GREENGUARD certified for safe emission levels. This reduces the environmental impact when sending any components to landfill.
